## DETAILED ACTION

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 08/21/2006 has been entered.

## REASONS FOR ALLOWANCE

Claims 1-3, 5-11, 13-20 & 22-24 are allowed. The following is an examiner's statement of reasons for allowance: The application is allowable for the reasons set forth on Pages 8-16 of the Applicant's response filed on 08/21/2006.

As noted therein, the claimed invention requires *inter alia*

- a. sending a primary signal to the test system over the voice link to indicate that at least one voice prompt is to follow and
- b. sending a secondary signal to the test system over the voice link when more than one voice prompt is to follow, at least one secondary signal indicating a beginning and ending OR a time length of a corresponding voice prompt that is to follow.

The closest prior art Neary discloses sending a prompt signal to the test system over the voice link the prompt signal comprising utterance preceded by DTMF signals. The prior art Neary does not teach the claimed invention as stated above in combination with other limitations in the claims 1, 9 & 17 comprising claimed primary and claimed secondary signal.

The combination of other cited prior art references do not teach or suggest claimed primary and claimed secondary signal in combination with the other limitations in the claims 1, 9 & 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.
